The main content area features a large heading for the MRQ, a 'PRESENTAR PLANTEAMIENTOS' button, and three paragraphs of text explaining the mechanism's purpose and how to use it. On the right side, there is a 'ARTICULOS RECIENTES' section with three article cards: 'Proyecto BIO Clima', 'MARENA ENDE REDD+ desarrolla Taller Internacional sobre el Carbono de los Bosques', and 'Curso Internacional sobre Cálculo de Reducción de Emisiones para el Sector Uso y Cambio de Uso de Suelo y Forestal'.
